

## PUTNAM PEOPLE GET IN TROUBLE

**JOHN HAMRICK, SAID TO LIVE ABOUT TWO AND ONE-HALF MILES SOUTHWEST OF HERE, CHARGED WITH HORSE STEALING AT BRAZIL.**

## ARE IN BAD IN ILLINOIS

John Hamrick, who told the police that he lived 2½ miles southwest of Greencastle, was arrested on a charge of stealing a horse and buggy from John Nicolson, living in the country near the city. Last Saturday evening Mr. and Mrs. Nicolson hitched their horse in front of the Brown Hardware Co., and as they purchased articles stored them in the vehicle. About five o'clock Hamrick calmly untied the horse, inserted the lines through the rings and drove east. He collided with a buggy on East National Avenue and broke a shaft. Mr. and Mrs. Nicolson had a pair of shoes, sack of flour and other articles in the buggy while a wagon tongue was tied beneath the buggy. Officer Cureton went after the thief and caught him near New England, walking and leading the horse. Mr. and Mrs. Nicolson, the latter holding a baby, were greatly worried and waited for hours at the Brosius store while their rig was recovered.

Hamrick gave the police a "sob" story about a wife and seven children at home, but he was fined \$11.60 for intoxication, and the "wife and family gag" will be investigated in view of entering a more serious charge against him. A horse belonging to Theodore Parrish was also taken from the place where it was hitched and later tied near this place. It showed evidence of a hard drive.—Brazil Times.

It is said that while the woman was telling Chapman's fortune, Ellis robbed him of the money. Both the Newby woman and Ellis denied the charge. However, when searched, the money was found on the woman's person.—Paris, (Ill.) Exchange.

## CLOSING INCIDENTS OF THE HARVEY MOON TRIAL

The Danville Republican last week gave an interesting account of the closing incidents of the trial of James Harvey Moon, who was convicted of the murder of Constable Oliver Wilhoite, and was sentenced to prison for life. The Republican said:—

"When asked by the judge if he had anything to say as to why judgment should not be passed on him, Moon's only reply was that he had not had a square deal from some of the witnesses. He received the verdict and sentence without any apparent emotion and Judge Clark ordered him taken to prison as soon as the papers could be made out. But few people knew that Sheriff Ader and Deputy Gentry had taken him to the Big Four station and were on their way to Michigan City before 10 a. m.

"At Indianapolis, Deputy Gentry left Sheriff Ader who accompanied Moon to prison alone. Moon went quietly and made no disturbance. On the way, he talked freely about his troubles with his relatives and would say nothing about the crime for which he was convicted except to deny killing Mrs. Baldock. He was very bitter against some of his relatives, particularly his father and said there were two or three others who ought to be behind the bars with him. He gave the sheriff a number of papers to keep for him which he said, would show how much he had been mistreated and swindled out of his rights.

"After my trip with him," said Mr. Ader, "I am convinced the verdict was the right one. He may not be insane but his mind is unbalanced. I did not think so before the trial."

"It is a strange coincidence that Moon was received at the prison by William E. Hinshaw. Hinshaw is a trusty and had charge of a door and he motioned Sheriff Ader and Moon to a seat and then asked: 'Where are you from?' Mr. Ader answered: 'From Danville, Hendricks county.' There was an embarrassing silence, broken by Hinshaw asking what route they came."

## POLICE HAVE LITTLE TROUBLE

**FUNMAKERS TUESDAY NIGHT WERE GENERALLY ORDERLY AND NO ARRESTS MADE FOR DESTRUCTION OF PROPERTY.**

## SEVERAL GATES DISSAPPEAR

There was little evidence of vandalism on the streets of Greencastle Tuesday night. Most of the funmakers were orderly and kept their pranks within the bounds of the law. Several misdemeanors, however, were reported to the police. Mayor Miller had a number of extra police on duty and these watched the bands of small boys bent on having a good time. Several were caught in the act of destroying property and were warned not to repeat the offense.

Several bands of young people near the college grounds and the south part of town committed slight acts of vandalism. A few gates and parts of fences were missing Wednesday morning. Soap was used with freedom and many persons awoke Wednesday morning to find their windows coated with the talow. A little water soon erased these marks.

A number of DePauw students came near getting in serious trouble about 10 o'clock. They had been shooting revolvers and disturbing the peace generally near the vicinity of the college. One of the policemen, attracted by the shots, saw them but was unable to catch the boys or learn their identity. Taken all in all, Tuesday night was about as sane a Halloween as has been seen in Greencastle for many years.

## HALF GALLON GETS BOYS IN TROUBLE

**HALLOWE'EN REVELLERS, WITH WHISKEY PURCHASED IN BRAZIL, LAND IN JAIL—TWO FINED AT MIDNIGHT SESSION OF THE MAYOR'S COURT.**

## FRANK PIERCE FINED \$30

A half gallon of whiskey, which Frank Pierce, age 19, says he bought in Brazil, got Elmer Bates, age 21, Raymond McCammack, age 17, and Joseph Miller, age 17 and Pierce into trouble Halloween evening.

The boys were found drinking the whiskey from a jug, under a street electric light, in south Greencastle.

All were arrested and taken to jail. At first they told Marshal Johns and Officer Stone, who questioned them that they found the liquor near the interurban station. Later, however, Pierce admitted going to Brazil and buying it.

Mayor Miller and Prosecutor Sutherland were called down town by phone at near midnight so that the boys might have immediate trial. Pierce, who pleaded guilty to giving liquor to minors, was fined \$20, which, with the costs of \$10, makes the total fine \$30.

Elmer Bates, the only one of the gang who is of age, pleaded not guilty to the charge of intoxication, but the mayor, after hearing the evidence, found him guilty and fined him \$1 and costs, which in all amounted to \$11. Neither of the young men could pay his fine and so they were sent to jail.

McCammack and Miller pleaded guilty to the charge of intoxication, but on account of their youth the mayor, after giving them a good lecture and getting their promise not to drink again, did not fine them. He holds the affidavits and pleas of guilty against them, however, and on the first offense they will be sent to jail.

Both Bates and Pierce secured friends to stay their fines and were released from jail today.

### Water Trough Located.

One of the best stunts pulled off by the Halloween pranksters was the locating of the much-abused water trough. Sometime during the night the old trough was taken from its hiding place under the stairway at the side of the Owl Drug store and carried to the Andrew Hanna store doorway, where it was left. A nicely-painted sign "located at last," was placed in a conspicuous place in the trough. The fact that Mr. Hanna has been the leader in the fight against locating the watering trough on Indiana street led the pranksters to "locate" in his business room doorway.

### Skunk is Protected.

It is not generally known that it is unlawful to kill a skunk or raccoon until after November 1st. Even if the animal is in your chicken coop, making the feathers fly, the law protects him and all that you can legally do is to shoo him away. The "famous skunk" law as passed by the last legislature, protects all fur-bearing animals and provides an open and closed season for them. The following is the law:

"Be it enacted by the general assembly of the State of Indiana, that it shall be unlawful for any person to take, trap, hunt, shoot, or kill any mink, raccoon, opossum, skunk, or muskrat, in the State of Indiana, during the months of April, May, June, July, August, September and October of any year. Provided, however, that nothing in this act shall prevent any owner or occupant of real estate in this state or the owner or manager of any levee, dyke, dam or public drain from killing any of said fur-bearing animals when necessary for the protection of their property.

A penalty of \$2 for each violation of this law is provided. The law also makes it an offense to injure or destroy any muskrat homes at any time except where they obstruct public or private ditches.

### The Big Fire 37 Years Ago.

Just 37 years ago on Saturday night Greencastle suffered the worst conflagration of its history. The loss as the result of the fire was estimated at \$400,000.

The history of Putnam County gives the following story of the fire:

"The story of the city up to the memorable night of October 28, 1874, shows a remarkable exemption from fires, only four of any note having occurred previous to that date. These were the destruction of Lee W. Sinclair's woolen-mill in 1871, R. L. Higert's brewery in 1871, Mr. Gage's flouring mill in 1872, and the Indiana Female College in the year following. In consequence of this immunity from anything like a general conflagration, the city was totally unprepared for such an emergency when the time of trial came. "On the night mentioned, about half past ten o'clock, the planing-mill of C. J. Kimble & Sons caught fire and was soon enveloped in flames. A brisk gale from the south west carried the burning embers in its course, and in the short space of four or five hours nearly six squares of the best business blocks and private residences were laid waste. In those few hours were consumed thirty-seven business houses, twelve dwellings, two livery barns one hotel, one furniture factory, one express office and the postoffice. Added to these, a large number of out-houses and a vast amount of personal property fell a prey to the burning flames. Both in its suddenness and destructiveness, the damage done to Greencastle was greater, in proportion to size, population and wealth, than that done to Chicago by the great fire of that city.

"At the anniversary meeting held by the citizens one year after the fire, a committee on losses and insurance reported a loss of capital amounting to two hundred fifty-six thousand one hundred and thirty-four dollars, on which there was an insurance of one hundred sixteen thousand three hundred and eighty-one dollars. The same committee reported that there should be added to the above sum a considerable amount of unestimated loss, making the total much larger than that presented, and the historical committee placed their estimate at the sum of four hundred thousand dollars.

"On the night of March 8, 1875, another fire broke out, beginning at Sherfy's furniture store. The flames soon communicated to the block of buildings fronting on the south side of the square, the best block remaining in the city. The reported losses by fire were in the aggregate forty-three thousand and seventy-seven dollars, on which there was an insurance of thirty-seven thousand six hundred and twenty-seven dollars.

Never did the character of Greencastle's citizens show to better advantage than during the year succeeding the fire. Within that time, there were made or nearly completed brick and store improvements to the value of two hundred fifty-two thousand five hundred dollars and wooden buildings and repairs worth ninety-eight thousand three hundred and five dollars, making a total of three hundred fifty-nine thousand eight hundred and five dollars. During the same period, there were made by the city, street improvements worth six thousand dollars. Within the same time, the city had provided two fire engines, two engine houses with alarm bells, eleven cisterns and one pool, having a united capacity of nearly ten thousand barrels, and there was organized a fire department in two companies already well drilled and disciplined, to fight the fire fiend whenever he might show his lurid front.

"At the end of the year there were in the city seventy-five mercantile houses, employing a business capital, exclusive of cash and real estate necessary for their various operations, amounting in the aggregate to three hundred fifty-five thousand dollars, doing a business of over nine hundred thousand dollars per annum, employing about one hundred and seventy-five persons and supporting over four hundred and fifty."

### Notice of Final Settlement of Estate.

Notice is hereby given to the creditors, heirs and legatees of Moses D. Bridges, deceased, to appear in the Putnam Circuit Court, held at Greencastle, Indiana, on the 14th day of November, 1911, and show cause, if any, why the FINAL SETTLEMENT ACCOUNTS with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

Witness, The Clerk of said Court, this 17th day of October, 1911.

## DEMOCRATS WILL CERTAINLY WIN

EVEN THE REPUBLICAN NEWS-PAPERS ADMIT THAT THERE IS LITTLE CHANCE FOR THEIR PARTY IN 1912—NO WAY TO AVOID DEFEAT.

### INSURGENTS AFTER TAFT

WASHINGTON, Oct. 30.—The Democrats, according to even Republican newspapers, ought to win in 1912.

All they have to do is to organize and pull together. The Republican party can not defeat the Democratic candidate for the presidency. The only possible thing that can prevent the election of a Democratic president in 1912 is the Democrats themselves. The opportunity is here, and from all parts of the country reports are reaching headquarters that the Democrats realize it and are already laying plans for a campaign that will result in the Democrats sweeping the country in 1912.

There seems to be no way for the Republicans to avoid defeat if the Democrats get together and work, as they are now starting out to do. If Mr. Taft is re-nominated the insurgents will slash him, and if Senator LaFollette is nominated the "old guard" will slash him.

### The Way the Wind is Blowing.

A canvas of Green county, Iowa, made by mail, may be accepted as a thermometer of how political winds are blowing out there. One-hundred and twenty letters were sent to Republicans only, and ninety-seven answers were received. Some of the questions presented and the answers received are as follows:

If Taft should be nominated, will you support him? Yes, 21; no, 64; blank, 12.

Do you approve of the Payne-Aldrich bill? Yes, 12; no, 85.

Do you approve of Taft's action in the Ballinger matter? Yes, 2; no, 91.

Do you approve of the attack of Dr. Wiley? Yes, 3; no, 81.

Do you approve of Taft's veto of the woolen schedule as passed by the last Congress? Yes, 18; no, 70.

Do you believe the Taft administration favors the farmer and laborer or the trusts? Farmers, 6; trusts, 58.

### DePauw Woman as Suffragette.

NEW YORK, Oct. 28.—Indiana came to the front Thursday night at the convention of the woman suffrage party in Carnegie hall. The chairman was Mrs. William Warner Penfield, formerly E. Jean Nelson, of Greencastle, Ind. The platform read by Mrs. Charles Mackay, formerly Mary Ritter, daughter of Colonel Eli Ritter, of Indianapolis, a DePauw graduate.

The ballot song of American women, which was sung, was written by the late Minnetta Taylor, formerly of Greencastle, and one of the speakers was Miss Mary Garrett Hay, president of the New York state federation of women's clubs, formerly of Indianapolis. On the platform were Mrs. Ida Husted Harper, whose former home was Terre Haute, Ind., and Mrs. Litt, a native of Evansville, Ind. Mrs. Penfield, Mrs. Beard and Miss Taylor were all graduates from DePauw University.

### President Taft's Defy.

President Taft again defies anyone to name a single monopoly that ought to be condemned as a violation of the anti-trust law which "could" not be reached under the decisions of the supreme court. In other words the President infers that every monopoly "could" be reached, prosecuted, broken up and the guilty trust magnates sent to jail. Then why doesn't he "reach them"? The Republicans have had complete charge of the prosecuting machinery of the government sixteen years, and now, when they are about to go out of power, declare the monopolies "could" be reached. The beef trust, the sugar trust, the steel trust, and a dozen other monopolies have not been "reached," and nearly everyone agrees with the President that they "could" be reached if prosecuted in good faith. But all of these concerns are big contributors to Republican campaign funds, and a great many persons believe that this is one of the reasons why, although they "could" be reached, that they haven't been.

# WHAT I WENT THROUGH

Before taking Lydia E. Pinkham's Vegetable Compound.

Natick, Mass.—"I cannot express what I went through during the change of life before I tried Lydia E. Pinkham's Vegetable Compound. I was in such a nervous condition I could not keep still. My limbs were cold. I had creepy sensations, and I could not sleep nights. I was finally told by two physicians that I also had a tumor. I read one day of the wonderful cures made by Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has made me a well woman. My neighbors and friends declare it had worked a miracle for me. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold for women during this period of life. If it will help others you may publish my letter."—Mrs. NATHAN B. GREATER, 51 N. Main Street, Natick, Mass.

The Change of Life is the most critical period of a woman's existence. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

## APPLES ARE POURING IN.

In point of the exposition itself, the success of the first Indiana Apple Show is now fully assured. While the show does not open at Indianapolis until Nov. 6, the entry lists are filling very rapidly and the apples are pouring in upon the Indiana Refrigerating Co., which is holding them without cost for exhibitors. The entries are coming from the best known horticulturalists who say that they will be in attendance not only to win prize ribbons but to gain the education the show will offer. In the lists, too, are many growers who operate home orchards on a small scale, who do not pretend to be more than amateurs, yet who are very proud of the apples which come from their trees.

The show apples that are now reaching cold storage in Indianapolis are winter varieties—good old Rambos, Grimes' Golden, Vandeviers, Northern Spies, and fifty or sixty other kind long known to Hoosier growers and consumers. They have been carefully gathered and packed and they represent the very choicest output of one of the greatest apple years in the history of Indiana. Several of the growers have each sent twenty barrels and from single box exhibits up to complete orchard displays and county exhibits, the entire premium list will be well filled with contestants.

"The names on the entry lists," said Dr. Harry E. Barnard, superintendent of the show, "includes many men who have not been known as professional horticulturalists, but find pleasure in developing orchards around their homes. The number who will display apples is growing at a surprising rate, and some of the old professional producers must look to their laurels for the contests for ribbons in all classes is going to be very keen. We already have on hand enough apples to give an immense exposition, while the quantity will be still further increased before the show opens. We are expecting the apple consumers of Indiana to take as much interest in the show as the growers of the fruit. I am satisfied that the show is going to be one of the most popular expositions ever held in the state. It will be the first opportunity the public has ever had to see what Indiana is really doing in growing apples, and we shall surprise those who have thought it was necessary to bring several million dollars worth of the fruit into this state year after year, when we can get the apples out of our own orchards and keep this money at home."

## Buys Fine Farm.

Dr. W. R. Hutcheson has purchased the L. J. Vansant farm in Monroe Township from Mrs. L. J. Vansant for \$8,000. The deal was closed this afternoon. The farm is considered to be one of the best in that part of the county. An orchard of 1,200 apple trees of various varieties is on the farm. The orchard this year will yield over 5,000 bushels, part of which have been picked and shipped.

Barton Shipley, the musician, left Wednesday night for Chicago.

# THE WEDDING A BRILLIANT AFFAIR

MRS. HADDE DAGGY AND ARTHUR J. HAMRICK UNITED IN MARRIAGE AT HOME OF MR. AND MRS. ALBERT DAGGY, THURSDAY NIGHT.

## MANY SCHOOLMATES ATTEND

On Thursday evening, at eight o'clock, at the home of Albert Daggy, brother of the bride, Mr. Arthur J. Hamrick and Miss Haddie Daggy were united in marriage, the ceremony being performed by Dr. H. A. Gobin, of DePauw University. A hundred and fifty guests had assembled to witness the ceremony and to shower best wishes upon the happy couple. Among those present were many college classmates of both the bride and groom as well as other friends from out of the city.

The house was beautifully decorated with autumn leaves which covered the tops of doorways and windows with delicate colorings. The chandeliers were wreathed with smilax and great bunches of chrysanthemums here and there added to the autumn effect.

At eight o'clock Miss Potter began playing and soon the strains of "Believe Me," beautifully rendered by Mrs. Ellis Sluss, of Monon, filled the rooms. As the song ceased Miss Potter began at once the wedding march from Lohengrin, and preceded by Dr. Gobin, the bride and groom entered the center parlor through the folding doors from the west parlor. The wedding ceremony of the ring was used.

After the ceremony and congratulations refreshments were served and large chrysanthemums were given as favors. The bridal bouquet, also of chrysanthemums, was thrown from the north steps to a group of girls in the yard, and breaking in the air rewarded each girl was a flower.

The bride is one of Greencastle's best known and most loved and respected ladies, a graduate of DePauw, and a teacher in the public schools, and a leader in all social events, both of the city and the university.

Mr. Hamrick is well known both in business and politics in the county. He is at present Clerk of the Circuit Court, a position bestowed upon him by countless friends among the electorate of the county.

The friendship for both bride and groom was eloquently expressed by the numerous and beautiful presents received.

## Woman Receives Severe Burns.

Mrs. George Hamilton, who lives near the Lightning Rod Factory, was seriously burned Thursday afternoon when her clothes caught fire from a fire under a pumpkin butter kettle in the yard of her brother-in-law, John Hamilton, just south of the Lightning Rod Factory. While the greater part of her body from her hips to her head is burned it is not believed that the injuries will be fatal. Dr. Hawkins was called and dressed her injuries.

Mrs. Hamilton and her sister-in-law were in the latter's yard making pumpkin butter over an open fire. Accidentally Mrs. Hamilton's clothes caught fire and before the blaze could be extinguished Mrs. Hamilton was badly burned. She was carried into the home of Mr. and Mrs. John Hamilton and Dr. Hawkins called.

## A Staggering Blow.

The Department of Agriculture frequently issues a small pamphlet, telling of the outcome of suits filed by the department against violators of the pure food laws. One of these pamphlets, No. 1103, tells of a New York concern having plead guilty to using arsenic in the manufacture of a food product known as "Light Shade Egg Color." The food poisoning firm was fined \$25. Pamphlet No. 1100 tells of a concern pleading guilty to foisting upon the public a food product consisting in part of "dirt and eggshells" and a "filthy, decomposed, and putrid animal substance." This manufacturer was fined \$10. Now that these staggering blows have been struck, is it not likely that other food dopers will cease administering arsenic and "putrid animal matter" in food products? Yes, it is—not!

All ladies having canned fruit or jelly for the Methodist Hospital at Indianapolis will please send it at once to the home of Dr. Gobin.

Citizens' ticket: Councilman First Ward, Charles T. Miller; Councilman Second Ward, Judson Linley; Marshal, Simpson P. Watson; Clerk and Treasurer, Robert E. Greene.

# ATTACK RESULTS IN DAMAGE SUIT

HARVEY McANINCH, COATESVILLE MERCHANT, WANTS \$15,000 FROM EVERETT SANDY, PUTNAM COUNTY FARMER.

## TROUBLE ON MONEY AFFAIRS

Harvey McAninch, of Coatesville, through his attorneys, Hays & Murphy, has filed suit in the Putnam Circuit Court against Everett Sandy of this county, for \$15,000 damages, for injuries, said to have been received when he was attacked by Sandy.

The two men formerly were in business together in Coatesville, but some time ago Mr. McAninch bought Mr. Sandy out. Later the two got into an altercation regarding a settlement of their accounts and Sandy stabbed McAninch in the back of the neck. He was arrested, charged with assault.

For some time after receiving his injuries from the knife handled by Sandy, McAninch was in a serious condition. The wound caused partial paralysis, and, it is said, will leave him a cripple for life.

The complaint filed by McAninch alleges that Sandy assaulted and struck, beat and cut the former with a knife. It further avers that since that time he has been incapacitated. The complaint also alleges that the injuries will cause Mr. McAninch to be a cripple during his natural life. He further claims that he has had to pay out large sums for medical purposes. Therefore he asks that the court grant him \$15,000 damages against Sandy.

## "Hung Jury in Quiet Title Case.

The quiet title case of Milton P. Kirkham against Martin A. Sheets and Marter S. Kirkham, venued here from Vigo county, resulted in a "hung jury." The case went to the jury Friday afternoon. At nine o'clock Friday night the jury stood 6 to 6. Judge Hughes recalled them and gave them new instructions. They went back to the jury room and the foreman reported at 10 o'clock Saturday morning that no decision had been reached and that the jury stood hopelessly divided. The last ballot taken gave seven votes for Mr. Sheets and five for Mr. Kirkham. The case is a queer one. Kirkham avers that he purchased the land, some 5 acres just outside the city limits of Terre Haute, from his brother. He says that the deed was stolen before he had time to have it recorded. In the meantime Mr. Kirkham went to Texas and his brother, Martin S. Kirkham sold the land to Mr. Sheets. Since the last transaction Martin S. Kirkham has disappeared and no trace can be found of him. The land is valued at about \$2,000. The case will go over to the next term of court and be tried again.

## Trial of Brakeman Holly.

The trial of William W. Holly charged with breaking into and robbing a Monon freight car between Bedford and Mitchell, is set for November 6th, at Brownstown, where it was sent no a change of venue. Holly was arrested as he was getting a lot of whiskey from the place where it was hidden in the quarry south of town after it had been thrown from the car. Holly at the time of the arrest denied that he had robbed the car, but failed to tell the story of the guilt of others on which he bases his hope of acquittal.—Bloomington Telephone.

Mr. and Mrs. William Mahoney are the parents of a son, born Saturday morning.

# MRS. M'WHIRTER MADE PRESIDENT

INDIANA CLUB WOMEN ELECT FORMER GREENCASTLE WOMAN AS CHIEF EXECUTIVE OF FEDERATION FOR ENSUING YEAR.

## EXHIBIT BY MISS O'HAIR

At the meeting of the Indiana Federation of Women's Clubs in Indianapolis Thursday Mrs. Felix T. McWhirter, formerly of this city, but now of Indianapolis, was elected president for the ensuing year. The election comes as a great honor for Mrs. McWhirter and her many friends in this city will be glad to hear of her election.

Among other business at Thursday's meeting of the Federation of interest to Greencastle people was the reading of a memorial in memory of the late Miss Minetta Taylor, of this city, by Mrs. Silas A. Hays. Miss Taylor at one time was president of the State Federation and was widely known among the club women of this and other states. Her death occurred at her home in this city several months ago. A number of Greencastle club women attended Thursday's meeting of the convention.

Among other things of local interest at the convention was the exhibit of china painting by the Indiana Ceramic Club. The work exhibited was done by the leading ceramic artists in the state, among whom is Miss Pearl O'Hair, of this city. Miss O'Hair's exhibit is a chocolate set.

## Public School Patrons.

Not so many pupils are absent from school from fear of contagion as most absentees suppose. Yesterday, a room from which a pupil is absent with diphtheria, had forty-four pupils present out of a possible forty-eight. There are, however, pupils absent to the number of about one out of ten.

Owing to the seeming subsidence of diphtheria, a majority of the absent children will doubtless wish to re-enter school the first of next week. Under the regulations of the health authorities, it will be necessary to return to school through the office of the Health Officer. This means that it will take more than one day to get back to school. To save time, see Dr. King, the Health Officer, Saturday.

Respectfully submitted,

H. G. WOODY.

## Indiana Will Go Democratic.

The Philadelphia North American, Republican, sent its Washington correspondent, Angus McSweeney, to Indiana to report impartially on conditions there. This is a part of the report he sent back to his paper: "Indiana is hopelessly lost to President Taft and the Republicans. From no indications is it possible to reason that they will be as strong as they were in the last election, when they lost every congressional district but one, and control of the legislature. Since then the rapid development of progressive Republican sentiment into an open hostility to the Taft administration, and the reactionary policies which he advocates, make it obvious that with Taft as the Republican candidate again, the vote against him in this state will be overwhelming."

The program for the last day of the Vigo County Sunday School convention next Wednesday at the Central Christian church was announced by the Rev. John G. Benson, of the program committee, Wednesday. One of the leading cards will be Professor R. B. von KleinSmid, of Greencastle, professor of education of DePauw University. His subject will be "The Adolescent Age of the Child and Its Relation to the Church." He is engaged for several months ahead, but the committee secured him on an open date.—Terre Haute Tribune.

## Her Alibi.

Much to the curious little girl's disgust, her elder sister and her girl friend had quickly closed the door of the back parlor, before he could wedge her small self in among them.

She waited uneasily for a little while, then she knocked. No response. She knocked again. Still no attention. Her curiosity could be controlled no longer. "Dodo!" she called in staccato tones, as she knocked again. "Taint me! It's Mamma!"—November Lippincott's.

## GOSPORT TEAM DEFEATS LOCALS

Greencastle High School Football Squad Again Goes Down Before Owen County Boys.

For a second time this season the Gosport high school football team won from the local high school team Saturday afternoon on McKean field, by a score of 6 to 3. Both teams played good football and the game belonged to either until the last minutes of play.

Greencastle got its three markers from a drop kick from the 35-yard line by Wallace Welch, in the second quarter. The Gosport team succeeded in forcing the ball through the local's line for a touch down in the third quarter. The Gosport quarterback kicked goal. The following is the Greencastle line-up, used in the game: Heustis, right half; Farmer, left half; W. Welch, quarter; J. Welch, right end; Coleman, left end; Lewis and Lynch, right tackle; Snider, right guard; Ensign, left guard; Rector, left tackle; Morgan, center.

# ROACHDALE MAN AGAIN IN TROUBLE

BRACK MEYERS, PUTNAM COUNTY RESIDENT, AND HIS AFFINITY ARRESTED AT LADOGA.

## BOTH ARE OLD OFFENDERS

CRAWFORDSVILLE, Ind., Oct. 31 to The Herald)—Brack Meyers and his affinity, Mrs. Francis Stonebraker, are again in the clutches of the law and are now in the county jail, having been arrested at Ladoga Saturday. Meyers and the Stonebraker woman figured in a city court trial several months ago, fornication being the charge against them. Meyers was convicted and his affinity was acquitted. Following this Meyers returned to his wife and three children and has been working, more or less regularly at his trade, painting and paper hanging since.

Last week Meyers sent his family to his wife's home in Roachdale. He helped his wife pack her trunk and under pretext of taking it to the railroad station he took it to a local pawnshop and "hocked it." With his wife out of the way, he sought out his affinity and they went to Ladoga, renting a room at William Rapp's house. Mr. Everson, former marshal at Ladoga, knew Meyers and he informed the marshal that the man was living in the town with a woman who was not his wife.

Late Saturday afternoon after the bank had closed its doors, Meyers attempted to play a game which brought him to grief, as he tried several times to cash a spurious check, it is alleged. The check was made payable at a Roachdale bank, and it is reported that it was a forgery. Ostensibly the check had been signed by Ishem Nolen and was for \$15. Nolen is a relative of Meyers and lives near Roachdale, and when the latter presented the check he tried to explain his desire for money by stating that he needed some cash very badly and owing to the fact that the bank had closed he would like to realize on the check.

He first presented the check at Ollie Pentington's place, but Mr. Pentington was suspicious after reading it and he refused payment on some pretext. After leaving Mr. Pentington's place Meyers in turn went to the Carman & Blatchley hardware store, Barnes & Shackelford grocery store, Bischoff's Big store, Henry & Quinley's grocery store, and the Ladoga Building & Loan Office, where he was turned down in every case. Saturday night Meyers and Mrs. Stonebraker were arrested and arraigned before a justice at Ladoga. Both entered pleas of guilty to illicit cohabitation and were bound over to the circuit court under bonds of \$200 each.

Prosecuting attorney Clouser stated Monday that three charges will be filed against Meyers, adultery, fornication and child desertion. Meyers is very repentant and expressed his willingness Monday to plead guilty but the authorities are preparing to put him in a place where he can no longer outrage society. He will probably be given a term at Jeffersonville.

C. M. Hobbs, of Plainfield, was here, on business, Friday afternoon.

# FIRST SNOW OF THIS WINTER

SLIGHT FLURRY THIS MORNING CAUSED GREENCASTLE PEOPLE TO HUNT UP THEIR OVERCOATS.

## HUNTING SEASON OPEN SOON

A slight flurry of snow this morning caused many Greencastle people to look up their winter clothes and begin preparing for winter. The snow was the first of the season. It began falling about 10:30 o'clock and continued until about 11 o'clock. It was not heavy enough to be noticeable on the ground. The weather prediction for tonight is colder with snow.

The recent cold weather has caused the local nimrods to look up their guns and get ready for the rabbit and quail hunting season. The season is not open until November 10, when it will be lawful to kill rabbits, quail, ducks and geese. However, few of the last two mentioned will be killed in this part of the state. Rabbits and quail are reported to be plentiful in all parts of this and adjoining counties. The dry weather this summer gave the quails a chance to hatch and raise their young in large numbers. The whistle of the "Bob White" can be heard in almost any field. Hounds and ferrets will play no small part in the hunting of the rabbits. The bay of the hounds and the shouts of the hunters will soon be heard in the woods and fields.

The magnate was asking about a certain man whom he thought of employing in a confidential capacity. "Well, there's this about the fellow," replied he whose advice was sought: "the truth certainly is not in him!" "Just the thing—then it can't be dragged out of him!" exclaimed the magnate enthusiastically. —November Lippincott's.

## Take Chances to Get a Drink.

The habit which some Monon passengers have of running into a saloon after the train has stopped at the local station is very liable to result some day in a serious accident. Today at the 10:30 train some five or six men had to sprint almost a block before they caught the train which had gained considerable headway. One man had to be pulled into the car by the colored porter, another had a suit case in his hand and ran a considerable distance before one of his party helped him aboard. A third man swung onto a car with a closed vestibule. The conductor brought his train to a stop below 4th street, but by that time all the belated passengers had got aboard.—Bloomington Telephone.

PROSECUTOR MOVES  
AGAINST B. MYERS.

Affidavits Filed in the Montgomery Circuit Court Tuesday Charging Three Offenses.

Legal machinery was set in motion Tuesday morning by Prosecuting Attorney Clouser whereby Brack Myers, of Roachdale, family deserter and all around "bad egg," will get his just dues, it is expected. Affidavits were filed in the Circuit Court this morning, charging Myers with three separate and distinct offenses, to-wit: fornication, adultery and child desertion. The two charges first named are included in one affidavit and name Francis Stonebraker as a party to the offense. The state's witnesses as specified on the affidavit are W. C. Rapp, Florence Rapp, William Camden, Joe Everson, and Will H. Long, all of Ladoga.

Mrs. Annie Myers, wife of the

delectable Brack is the complainant in the other affidavit and charges that he abandoned his four children, the oldest six and the youngest an infant in arms, on or about Oct. 19, 1911, and has failed to provide for them. The state's witnesses in this particular case are Annie Myers, Emma Nolan, Jesse Nolan, Allen Michael and William Elkins.

All or any of these charges are sufficient to send Myers over the road and it is the general opinion that he is due for a trip without a return ticket. Myers will probably be arraigned in the circuit court some time this week.—Crawfordsville Review.

"I do not believe there is any other medicine so good for whooping cough as Chamberlain's Cough Remedy," writes Mrs. Francis Turpin, Junction City, Ore. This remedy is also unsurpassed for colds and croup. For sale by all dealers

"Clothcraft--Just What I Am  
Looking For"

THAT'S what a man said who came into our store the other day.  
He continued: "I have heard so much about Clothcraft Clothes  
that I have decided to try them, for if they can give me for \$10 to  
\$25 the quality and satisfaction for which I have always paid high  
prices, I might as well save the difference."

"Now, if you can show me something I like  
and fit me I will take a chance."

We did both and something more. We  
easily convinced him that there was no  
chance or guess work about Clothcraft  
Clothes. How? By simply showing him the  
Clothcraft guaranty signed by the makers,  
which insures pure wool, lasting shape, sat-

isfactory wear and service.

He could not ask for more at any price, so  
he bought one of our Clothcraft \$18 suits,  
saved at least one-third and was better sat-  
isfied than he had ever been before.

Why not profit by his experience?

Clothcraft Clothes are the only guaran-  
teed all-wool line at \$10 to \$25.

## "POLIO" CASES TO DATE

## Dr. King Compiles Report Classifying Figures of Recent Epidemic in Indiana.

Dr. W. F. King, assistant secretary of the state board of health, has completed an analysis of the epidemic of poliomyelitis, or infantile paralysis, which raged in practically all parts of the state during the summer and fall. It shows that in the period beginning July 1 and ending yesterday, the total number of cases reported in the state was 102. Of these twenty-four were in cities and seventy-four in country districts. Sixty-five were males and thirty-seven females.

The month of July showed twenty-five cases of the disease; August, thirty-two; September, thirty-four, and October, so far as has been reported, sixteen. The apparent discrepancy in the total number of cases reported and the total number by months is accounted for by the fact that several cases were reported hurriedly to the state board, while the detailed reports of the cases have not been sent in by the attending physicians.

## Cases Are Classified.

The most prominent symptoms in the beginning of the disease in the cases reported are as follows:

Headache in sixty-two cases, fever in seventy-seven cases, vomiting in fifty-seven cases, retraction of the head in forty-nine cases and sweating in seventy-three cases.

## Was It Suicide?

INDIANAPOLIS, Ind., Oct. 30.—For three hours Sunday afternoon Miss Augusta Knabe, cousin of the doctor who was found with her throat cut in the Delaware flats on Tuesday, was subjected to questions by detectives.

The whole ground of finding the body of the murdered doctor, the failure to notify the officers promptly and the condition of the flat when Miss Knabe entered was gone over and over, but nothing new on which to work as a clue, the line of questions brought out the fact they took no stock in the murder theory and have gone back to that of suicide, and the questions demonstrated that they think that Miss Knabe made away with the instrument of death or knows who did.

## POPULAR YOUNG COUPLE WEDDED

NUPTIALS OF MISS ELIZABETH DOUGHERTY AND CHARLES W. JEWETT, BOTH FORMER DEPAUW STUDENTS, OCCURS IN INDIANAPOLIS WEDNESDAY NIGHT.

## LOCAL PEOPLE ATTEND

Thursday morning's edition of the Indianapolis Star has the following account of the wedding of two former DePauw students, both of whom have many friends here:

A wedding which was beautiful in all details was celebrated last evening at the home of Mr. and Mrs. Hugh Dougherty on North Meridian street, the bride being their daughter, Miss Elizabeth Dougherty, and the bridegroom Charles Webster Jewett, son of the Rev. and Mrs. E. P. Jewett. The ceremony was solemnized at 8 o'clock by the bridegroom's father, assisted by the Rev. Joshua Stansfield of the Meridian Street Methodist church, in the presence of a brilliant assemblage of relatives and friends of the young people. A happy feature of the event was that it was also the marriage anniversary of Mr. and Mrs. Dougherty.

An aisle was formed from the stairway to the altar by Edward Eltel and Charles Welliver, who carried streamers of white satin ribbon. The bride was attended by Miss Mary Jewett, sister of the bridegroom, maid of honor, and Mrs. Harry McFarlan of Connersville, and Mrs. H. Foster Clippinger, matrons of honor. Chester A. Jewett was best man.

In the receiving line at the reception which followed the ceremony were the members of the bridal party—Mr. and Mrs. Dougherty and the Rev. and Mrs. Jewett. Among those in attendance were the following from out of the city: Mr. and Mrs. Harry McFarlane of Connersville; the Rev. and Mrs. C. U. Wade, Dr. and Mrs. C. M. McConnell, Mr. and Mrs. Robert L. O'Hair and daughters; Prof. and Mrs. Rufus B. von KleinSmid, of Greencastle.

On their return from their wedding trip through the East Mr. and Mrs. Jewett will take possession of their new home, 26 East St. Joe street, and will receive their friends after Dec. 1.

## DID SOMEONE SET FIRE TO HIS BARN?

W. W. Goslin, a farmer, who lives in Franklin township, 1½ miles east of Ellettsville, believes that he is the victim of some malicious person, who twice has set fire to his barns.

Just thirteen months ago a barn on his farm was burned to the ground and he lost more than \$1,000 as the result of the conflagration. Last Wednesday morning at 2 o'clock, Mrs. Goslin was awakened by a fire which destroyed the new barn, together with its contents. The loss will reach near \$1,500. Mr. Goslin has insurance of \$800.

In the barn were 15 tons of hay, eight head of hogs, 70 bushels of oats, three buggies, a farm wagon, five sets of harness and many other farming implements and valuable articles. Luckily eight head of horses which are usually kept in the barn, were turned out on pasture the evening before the fire and so escaped.

## PURDUE WRECK SUIT ENDED.

LAFAYETTE, Ind., Oct. 25.—Eight years after the accident occurred the last of the damage suits growing out of the wreck of the Purdue football special at Indianapolis, October 31, 1903, was settled in the superior court here today, when Fred S. Case, a former Purdue student, was paid \$3,000 by the Big Four Railway Company and dismissed his suit for \$10,000 against the company.

The suit has been pending in the courts for nearly four years, and was once tried, Case obtaining a verdict for \$7,000. The supreme court reversed the decision, and sent the case back for retrial. Case was riding in the third coach of the special, and after the crash found himself among the dead and wounded. His nervous system was shattered.

Mr. and Mrs. Robert Bailey, of Martinsville, spent Sunday with Mr. and Mrs. Fay Hamilton.

## GROCER SPITS ON FLOOR; FINED \$10

When William A. Taggart, the grocer at Art spat on the floor of his little grocery, he did not know that he was committing a crime against the state. But John Owens, state food and drug inspector showed him that such was the case and he would be compelled to answer the charge. Taggart appeared in Squire Shultz's court today and was fined \$10 and costs, which he paid. Samuel McCann, a well known grocer of Bowling Green was fined \$20.00 and costs for maintaining an unsanitary grocery. It is understood that he set food stuffs on the floor which is in violation of the pure food law. He paid the fine.—Brazil Times.

## DIVORCE IN SEVEN MINUTES.

Amo Woman Gets Decree from Court in Record Time.

DANVILLE, Ind., Oct. 25.—Mr. and Mrs. Elmer Masten, of Amo, were divorced in seven minutes in the Hendricks county circuit court here yesterday. Mr. Masten, is a prominent farmer and stockman and Mrs. Masten has been active in society affairs of the county. Mrs. Masten, at 9 o'clock, filed a divorce complaint, on the ground that she had been abandoned. At seven minutes after 9 o'clock the testimony had been given, the case decided and the record made, together with an agreement for \$1,400 alimony. This is said by local attorneys to be the record for Hendricks county. The couple had been married fourteen years.

## Entertain With Halloween Party.

About forty members and guests of the S. C. C. Club enjoyed a most pleasant evening at the home of Mr. and Mrs. Richard Hazelett on Hanna street, Wednesday evening. The affair was the annual Halloween party of the club. The house was very appropriately decorated for the occasion. It was decorated with autumn leaves, jack-o'-lanterns, pumpkins and candles. The guests were masked and wore fantastic costumes in accordance with the Halloween spirit. The guests were unmasked at about 9:30 o'clock.

During the first part of the evening much amusement was afforded the guests in guessing identity of the guests. Later, after all had unmasked, games were played and Miss Florence Miesse, in a unique Gypsy costume and sitting in a small tent, told the fortunes of the guests. During the latter part of the evening refreshments of sandwiches, olives, salad, cider and ginger bread were served.

## Hard Work at Purdue.

LAFAYETTE, Ind., Oct. 25.—With the DePauw game but three days off the Purdue football squad was put through some stiff practice today by Coach Horr. The Boiler Makers, while they expect to win Saturday from the Methodists, are taking no chances and will exert themselves to the utmost to make victory certain. Yesterday afternoon the practice was fast and furious. The strong freshman team lined up against the varsity for some of the fiercest scrimmage work seen on Stuart field in many seasons. Kirby, the star fullback, was out of the game and probably will not play again this season. He injured his ankle badly last Friday in a collision with Glossop, of the varsity eleven.

## RARE OPERATION IS PERFORMED ON MOTHER

A rare operation was performed Tuesday evening about 8 o'clock on Mrs. Landa Jones of Barnard. Mrs. Jones was taken ill with child birth Sunday and an examination by her physician, Dr. New, disclosed that the child could not be delivered naturally. Dr. John Davis, an Indianapolis specialist, was called in consultation and he found that an operation would have to be performed. This was done and the babe was taken through the mother's side. Both Mrs. Jones and her child an eight pound girl, are reported to be doing very nicely.

## BIG GAINS ALL ALONG THE LINE

DEMOCRATIC STATE OFFICIALS ISSUE STATEMENT SHOWING THE EXACT CONDITION OF THE STATE FINANCES OCT. SEPT. 1, 1911.

## FULLFILL ECONOMY PROMISE

INDIANAPOLIS, Ind., Oct. 26.—

Rapid rehabilitation of the financial condition of Indiana under the present Democratic administration is demonstrated by a statement just issued by W. H. O'Brien, Auditor of State, showing the exact condition of state finances on Sept. 30, 1911, the closing of the state's fiscal year.

The statement shows such tremendous gains over the statement of the year previous as to make Mr. O'Brien and his colleagues on the State Board of Finance—Governor Marshall and W. H. Vollmer, State Treasurer, rejoice. These state officers are now prepared to meet any and all attacks on the administration's financial policy and to produce figures to prove that their promises of economy and financial conservation have been converted from campaign promises to administrative facts.

Until the business of the fiscal year was closed and the exact condition of each and every fund definitely ascertained, these officials were not disposed to positively refute the numerous charges relating to the state's finances circulated for political effect although they knew the charges to be false and easily controverted. So they bided their time, secure in the knowledge that at the proper time an authorized statement would dissipate the charges to the satisfaction of every man, woman and child in Indiana able to read the English language.

The statement shows gains—big gains—all along the line. From what ever viewpoint—transfer of funds, disbursements, receipts, appropriations, deficits—the Democrats gain and the Republicans lose by the comparisons. These comparisons are easily made as Sept. 30, 1910, marked the end of republican rule in the state and Sept. 30, 1911, marked the end of practically one full year of Democratic rule. Thus comparisons between the fiscal years ending on those dates are real-for-sure comparisons between Democratic and Republican management of state affairs.

The statement is so clear that even a child would have no difficulty in picking out the following salient features:—

1.—The Republicans in their last year transferred from special funds to the general fund for current expenses \$1,658,158.04, while the Democrats in their first year transferred \$1,268,506.76, making a gain for the Democrats of \$389,651.28.

2.—The general deficit for the last year of the Republicans was \$251,171.14, while the general deficit for the Democrats' first year was only \$45,495.63, making the startling gain for the Democrats of \$205,675.51.

3.—On Sept. 30, 1910, the close of their fiscal year, the Republicans showed a treasury balance of \$92,768.35, but to obtain this balance, \$789,660.61 was transferred from the Sinking Fund to the General Fund.

One year later the Democrats showed a treasury balance of \$52,491.55, with only \$491,883.61 diverted to the general fund.

4.—Disbursements for the Democratic year were \$33,680.68 less than for the Republican year.

5.—The regular and specific appropriations for the Legislature of 1909, available 1910 and 1911, totaled \$8,955,692.35 as compared with a total of \$7,421,223.50 by the Legislature of 1911, available 1912 and 1913, a decrease of \$1,534,468.85.

## PLAN FOR THE ANNUAL POULTRY EXHIBITION.

Members of the Putnam County Poultry Association Meet in Court House This Afternoon

The members of the Putnam County Poultry Association met in the assembly room of the courthouse Saturday and perfected plans for the annual poultry show to be held in this city December 25 to 30. Henry O'Hair, secretary of the association, had the estimates of the cost of advertising and literature for the show, and presented these to the members. The association is planning to have a bigger and better poultry show than has ever been given in this city. There are a great many prize fowls in Putnam county and the majority of these will be exhibited.

## FOREIGN MISSIONARY SOCIETY MEETING.

The Greencastle District Woman's Foreign Missionary Society convened in the Methodist church in Coatesville Monday and Tuesday. It was the thirty-third annual meeting. The first session was Monday evening at 7:30 and was opened by scripture reading by Mrs. C. B. Knight. The welcome address, delivered by Mrs. C. B. Gambold, of Coatesville, and the response by Mrs. Julia B. Meacham, of Rockville, were well received.

Tuesday forenoon was devoted to reports from various superintendents. Mrs. Meacham, corresponding secretary, gave a report of the work done in 1910-11, showing a decided increase, both in funds and new members.

The ladies of Coatesville furnished a dinner at noon which was enjoyed by all.

At the afternoon session officers for the ensuing year were named as follows:

President, Mrs. Ida McBeth, Terre Haute.

First Vice-President, Mrs. J. G. Campbell, Greencastle.

Second Vice-President, Mrs. Emma Clay, Brazil.

Third Vice-President, Mrs. Minnie Hunt, Coatesville.

L. L. B. and King's Heralds, Mrs. Amis, Terre Haute.

The society was represented by delegates from all over the district, and the great good derived by those present was manifest in the interest shown in the local society, which secured several new members. All the sessions were well attended, the church Monday evening being taxed to its utmost capacity.

## FORMER DEPAUW STUDENT

## IS WEDDED.

One of the most exquisitely beautiful and impressive home weddings that has occurred in Bedford in a long time was that at the home of the bride's aunt, Mrs. Nannie Newland, West Sixteenth Street, this forenoon, when Miss Julia Ellen Day became the bride of Clinton C. McCurdy.

The bride, who wore a beautiful creation of white messaline crepe over messaline, with train and with trimmings of pearl, real lace and silk fringe; bridal veil with Juliet cup clasped with band of pearls and orange blossoms and carrying bouquet of bride's roses; and Miss Elizabeth Duncan, maid of honor, beautifully gowned in pale blue chiffon over messaline with pearl trimming and garniture of ribbon roses, carrying yellow chrysanthemums, entered the library through the parlor, meeting the groom, the groomsmen, Ralph McCurdy, brother of the groom, and Rev. A. E. Dubber, pastor of the First Christian church, under the arch, where the ceremony was performed in a most impressive manner. The bride is one of Bedford's most accomplished young women, daughter of Miss Isis Day, who makes her home with her sister, Mrs. Nannie Newland. The bride is an accomplished musician, graduate of the DePauw Conservatory at Greencastle. She is also a graduate of the Bedford high school, a member of the Tri Kappa sorority and also of the Kappa Kappa Gamma sorority at Greencastle. She is prominent in society and active in church work, being the organist at the First Christian church.

Mr. McCurdy is one of the city's leading young business men, being associated with his father, D. A. McCurdy in the grocery business on I street. He is also a graduate of the Bedford high school and a young man who stands high in the community. Among the out of town guests was Miss Leola Trueblood, of Greencastle.—Bedford Democrat.

## Locust Street Revival Meetings.

The time is now definitely set for the beginning of Locust Street revival services. They will begin on Monday night, November 6. Mrs. Lella Parr Livingstone of St. Louis will lead the singing. In addition to the chorus choir she has asked for a hundred school voices from the high school and upper classes of the grades. These she hopes to meet early each evening and train them in singing the hymns. We can certainly furnish her the singers. Such a company will insure great congregational singing every night. Dr. McConnell will preach the first week. He is one of the greatest preachers in America. Wherever he goes crowds are eager to hear him. Greencastle and community have the privilege of few in hearing him for a whole week. Rev. John G. Benson, who for several years was the famous boy preacher, is now a distinguished young preacher, will do the preaching the second week. The church is certainly fortunate in securing this talent.

## ERUPTION CAUSED TERRIBLE SUFFERING

Baby's Body Covered with Large Sores. Seemed to Itch and Burn. Finger Nails Fell Off. Little or No Sleep. Used Cuticura Soap and Ointment. In 6 Weeks Cured.

"When my baby boy was six months old his body was completely covered with large sores that seemed to itch and burn, and caused terrible suffering. The eruption began in pimples which would open and run, making large sores. His hair came out and finger nails fell off and the sores were over the entire body, causing little or no sleep for baby or myself. Great scars would come when I moved his shirt."

"We tried a great many remedies, but nothing would help him, till a friend introduced me to try the Cuticura Soap and Ointment. I used the Cuticura Soap and Ointment but a short time before I could see that he was improving, and in six weeks time he was entirely cured. He has suffered about six weeks before we tried the Cuticura Soap and Ointment although we had tried several other things, and doctors too. I think the Cuticura Remedies will do all that is claimed for them, and a great deal more."

(Signed) Mrs. Noble Tubman, Dodson, Mont. Jan. 25, 1911.

## EARLHAM BENEFITS IN DISTRIBUTION OF FUND

Richmond College to Receive \$75,000 From Rockefeller Educational Appropriation.

NEW YORK, Oct. 27.—(Special)—Earlham college, located at Richmond, Ind., is benefitted to the extent of \$75,000 by the announcement made today of conditional appropriations to colleges and universities by the trustees of the John D. Rockefeller fund for education. Earlham was one of six institutions chosen out of a list of twenty-four which had presented applications to the General Education Board.

In order to secure the \$75,000 Earlham College must raise \$325,000 by subscriptions within one year. This is the same fund from which \$100,000 was given to DePauw, provided the latter secured \$400,000 in subscriptions. DePauw will close its campaign for the \$400,000 the first of the year.

## Cause of Ten-Cent Sugar.

"The high tariff benefits nobody but the sugar trust. Were it not for the sugar tariff this package would cost 2 cents a pound less. Urging your congressman to repeal the tariff on sugar."

This is not an extract from a political speech. It is a statement of fact by Pittsburg grocers to their customers to show the latter who to blame for the robbery charges for sugar. The quoted paragraph is printed on the paper bags in which the grocers put up sugar. The effect of the inscription on a 25-pound bag is significant. It means that the tariff has cost 50 cents on that one purchase.

## The Aldrich Plan.

Ex-Senator Aldrich, chairman of the national monetary commission, has revised his proposed scheme for financial legislation. But in the main, the Aldrich plan, which would place the public's credit under control of Wall street, is unchanged. Nobody can read his plan in detail without realizing that it is a central bank of issue that he proposes. The government had one experience with a central government bank. It was manned by politicians and operated for their benefit, bringing on panics and bank failures.

Realizing the hostility to a central government bank, Mr. Aldrich gives his scheme the title: "National Reserve Association." It is practically a central government bank under a different name.

HIGH SCHOOL TEACHERS MEET

DISCUSSION LED BY TEACHERS OF COUNTY ARE OF MUCH INTEREST TO PEDAGOGUES—LITTLE HOPE FOR BASKETBALL LEAGUE.

CAUSES SPIRITED DISCUSSION

The teachers of the various high schools of the county held an excellent meeting in Superintendent Wright's office on Saturday. All of the high schools of the county except Roachdale were represented. Besides the original program, Superintendent Woody of this city and Superintendent Micheal of Cloverdale, made short addresses.

"Athletics in the High School" was the subject of a spirited discussion led by Benjamin Powers, of Barnard. Mr. Powers favored the idea and is in favor of having an organized basketball league among the high schools of the county. A motion was made and carried to lay the matter of the proposed basketball league over until the next meeting of the teachers. "Grammar in the High School" was the subject of a discussion led by Oscar Thomas. Mr. Thomas showed that the average pupils coming to high school from the grade school is lacking in the knowledge of grammar.

Bruce Lane, of Bainbridge, made an excellent address in favor of having a general exercise for the high schools. Something that would be an inspiration for the children for their day's work was favored by Mr. Lane. A more definite course of study in the high school and one that would be uniform in both the commissioned and non-commissioned schools was the substance of a discussion led by P. R. Hutcheson of Reelsville.

Echo of DuPont Mill Explosion.

The last of the damage suits against the DuPont Powder Co. resulting from the explosion of the DuPont Plant at Fontanet on October 10, 1907, were compromised here Saturday morning. The suits in which Mrs. Artie Clark, Carl Brown and Albert Brown, were plaintiffs were pending in the Vermilion County Circuit court, and the fourth in which Granville C. Brown was plaintiff, was pending in the Clay Circuit Court. The amounts of the settlements were not made public.

Mrs. Clark was seriously injured by her house being blown over on her. Carl and Albert Brown were attending school and were caught in the wreckage of the school house when it was blown down. Granville C. Brown was blown from a wagon, in which he was riding, against a fence.—Brazil Times.

The DuPont Powder mill explosion will be well remembered by Greencastle and Putnam County people. The shock was felt here. Many from this city and Putnam county went to Fontanet after the explosion to see the results of the explosion.

Marshal Johns has received word from a detective agency at Charlotte, N. C., wanting to know the whereabouts of W. C. McNabb, alias W. C. O'Brien, alias W. C. Gordon, said to have been sent to the penitentiary from here on the charge of forgery. The man was wanted in Charlotte for forgery and embezzlement. According to the detective agency report the man was arrested in Terre Haute and turned over to the local authorities. Instead of being sent to the penitentiary from here, the loss caused by his forgery, was made good by his father and he was released. There is a reward of \$100 for his arrest.

Mr. and Mrs. W. S. Saltmarsh, of Indianapolis, spent Sunday here with the latter's mother, Mrs. Mary A. Hawkins.

DEFENDS BOOTH TARKINGTON. Judge Booth, Cousin, Hints Writer is Not to Blame for Domestic Troubles.

Judge Booth, of the United States Court of Claims, returned yesterday from a week-end visit to his cousin, Booth Tarkington, the novelist, at Princeton, N. J.

"I do not care to discuss Booth's domestic infelicities," said the judge. "The difficulty between himself and wife is for them to adjust. I will say, however, that Booth Tarkington is one of the most charming men in this country. He is temperamentally altruistic, devoid of combativeness and withdraws from unpleasant controversy because of high ideas of individual rights and privileges. His magnanimous disposition under most distressing circumstances is worthy of emulation; it is not a family trait, however; I confess, at least, I don't possess it."—Washington, D. C. Post.

Old Gold Loses to Boiler Makers.

LAFAYETTE, Ind., Oct. 28.—"Baldy" Fletcher, the crack little quarterback of the Purdue eleven, crossed the DePauw goal line in the second quarter of today's game with the first touchdown that Purdue has made this season and won the game for the Boiler Makers by a score of 5 to 0. Oliphant failed to kick goal.

Cotton Berndt's aggregation of Methodist players opened up a surprise box and played the Boiler Makers off their feet at several stages to the game.

The Purdue line was weak, and time after time the light DePauw backs found holes through which they carried the ball for consistent gains. When necessary, the line held and saved several possible scores by holding at the crucial time. One peculiar style of an overhead pass, bordering on the forward pass style, but more of the old double pass nature, almost defeated Purdue. Time after time the Methodists worked the pass to perfection, gaining many yards.

Scores in Second.

Purdue's only score came in the second quarter, after a series of brilliant plays and end runs, in which Oliphant, the particular star, carried the ball to DePauw's ten-yard line. A penalty for off-side play placed the ball five yards closer to the Methodists' goal line, and then Fletcher, on a line buck from the quarter back position, went over the goal line.

Both sides punted frequently during the game, Oliphant having a shade the better of the argument. His punts averaged forty-two yards and were high enough to allow the ends to get down under them. Hanna and Miles both played good games at end. The entire DePauw back field played a strong game and the line outcharged the Purdue line throughout the game.

The line-up:

Purdue (5)	DePauw (0)
Miller, Hanna	Left end
Freygang	Left tackle
Ruffner	Left guard
Glossop	Center
Bowman	Right guard
Winston	Canup
Shennelfield	Right tackle
Miles	Right end
Fletcher	Quarter
Tavey	Left half
Oliphant	Right half
Hutchinson	Full
Ogan	Long

Touchdown—Fletcher, Purdue. Time of quarter—15 minutes. Referee—Siler of Illinois. Umpire—Heyer of Ohio State. Field Judge—Porter of Cornell. Head linesman—Gipe of Wabash. Attendance—3,200.

Moore Badly Hurt.

On the first play of the game, Herbert Moore, the crack DePauw end, received an injury that prevented him from continuing in the game and that for some time seemed serious. Moore had tackled Fletcher of the Purdue squad, when he received the injury. His head either struck the ground or he was kicked on it, injuring the nerve just above the eye which controls the power of speech. He was carried from the field and taken to St. Elizabeth's Hospital. Coach Berndt and two of the DePauw men are at the hospital with him. It was believed that it would be possible to bring the injured man to Greencastle Monday afternoon, but a telephone message from there on Monday was to the effect that he was not in a fit condition to be moved. His condition remains about the same. A report from Lafayette on Tuesday to the effect that Moore's condition is more serious than first believed. His father, Dr. Moore, of New Albany, has been called to Lafayette.

Mr. and Mrs. Will Hurst, Miss Belle Campbell and Ralph Burns, all of Terre Haute, were here Sunday, the guests of Mr. and Mrs. Edward Dalby.

MISS BITTLES NOW A BRIDE

WEDDING OF POPULAR YOUNG GREENCASTLE WOMAN AND DR. MATHEWS OF KENTLAND, SOLEMNIZED AT 10 O'CLOCK THIS MORNING.

ARE NOW ON HONEYMOON

The wedding ceremony of Miss Alta Bittles, daughter of Mr. and Mrs. Racer Bittles, and Dr. W. C. Mathews, of Kentland, Ind., was solemnized at the home of the bride's parents at 10 o'clock Tuesday morning in the presence of about 50 relatives and friends. The ceremony was performed by Dr. H. A. Gobin, assisted by Dr. K. W. Robbins. The happy couple left immediately after the ceremony for a wedding trip before going to their new home in Kentland.

The entire house was tastefully decorated with white roses, chrysanthemums, and smilax. The wedding ceremony was performed in the east parlor, in front of a massive bank of ferns. The bridal couple, proceeded by twenty members of the Tri Delta sorority, marched down the steps from the second floor and went immediately into the parlor. Here Dr. Gobin pronounced the ceremony.

The members of the Tri Delta sorority, sorority sisters of the bride, were all dressed in white and carried a rope of smilax. The bride was exquisitely gowned in white satin, with an over skirt of white chiffon. She carried a bunch of white bridal roses.

After the ceremony the guests assembled in the dining room where a wedding breakfast was served. During the breakfast the bride and groom left by a rear door and went to Limesdale in an automobile where they caught the north-bound Monon train for Chicago.

A number of the friends of the young couple learned of their plans and were at the Monon station here when the train arrived. The party was well supplied with rice and old shoes. One of them, Miss Mary Sturm, anxious to get a glimpse of the couple, stayed on the train until it left the station. She was an unwilling passenger to Roachdale. She got off there and returned on the afternoon train.

Among the out-of-town guests who were present were: Mr. and Mrs. Grantham, Mrs. T. V. Brookshire, Mr. and Mrs. C. Lockridge, Fred Lockridge, and Mrs. Cline, of Roachdale; John L. Bridges, of Greencastle, and Mr. and Mrs. Frank Myers, of Ladoga.

WOULD-BE SUICIDES ON ROAD TO RECOVERY

William George and Mrs. Lorretta Cox, who attempted suicide Tuesday forenoon by the chloroform route, regained consciousness on Tuesday evening and Wednesday morning they did not appear to be any the worse because of their experience. They were unconscious for several hours and their recovery appeared to be doubtful for a time, but they came out from under the effects of the chloroform all right.

Both told the officers that they had had enough and that they would not try the suicide route again.

Mrs. Cox's father, Scott Fisher, and her brother, Charles Fisher, came from their home near Stilesville Wednesday morning, taking Mrs. Cox with them.

George's parents, Mr. and Mrs. James George, and his brother, Carl who lives near Stilesville, also came here Tuesday evening. Mr. George's sister, Mrs. John Fisher, and her husband, who were in Attorney Sedwick's office Tuesday when George and Mrs. Cox swallowed the chloroform, returned to their home near Stilesville Tuesday evening after it became evident that no fatal results would ensue from taking the chloroform.—Martinsville Reporter.

Dr. J. P. D. John was in Terre Haute Sunday and preached the services at the Mattos Methodist church, of which his son-in-law the Rev. Thomas P. Woodson is pastor. Dr. John, who suffered a severe illness a few weeks ago, and who has done no work since his illness, accepted the invitation to preach in Terre Haute, in order that he might test his strength, and ascertain how soon he would be strong enough to begin his lecture work. He was pleased to find that his strength was ample to withstand the work, and now is planning to begin his lecture work in about two weeks.
